FL LICENSE: EG13000900

Serving Gulf Breeze, Pensacola, and Northwest Florida

WHAT WE DO

One seamless system, designed around **how you live.**

Anyone can mount a TV or plug in a camera. What sets Smart Space Integration apart is how every system — networking, AV, security, and automation — is designed to work together as one seamless whole. From flawless WiFi to whole-home audio, we design and install technology that works beautifully together, and that we stand behind for years to come.

01

Designed as one

Networking, AV, security, and automation are planned together from day one — so they perform as a single, cohesive system rather than disconnected parts.

02

A decade in the field

Over a decade of hands-on experience, serving everyone from homeowners and businesses to the federal government — with the same attention to detail every time.

03

A partner, not a transaction

From the first walkthrough until the final TV is hung and well beyond, we're your partner — the team you call for years to come.

04

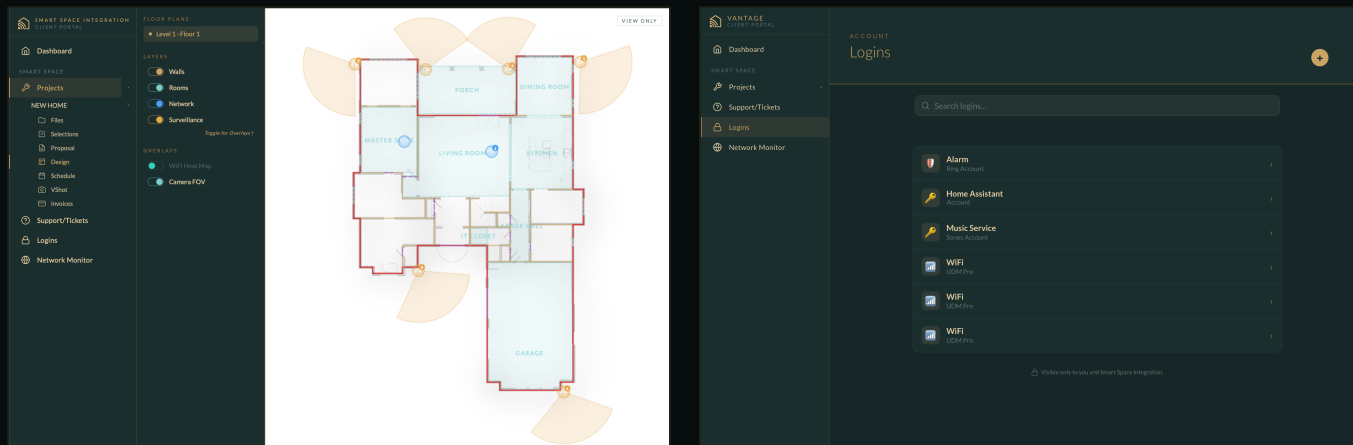

Local, licensed & insured

A small, dedicated Northwest Florida team. Fully licensed and insured (FL EG13000900), proudly serving the Gulf Coast.

YOUR PROJECT, IN YOUR POCKET

Track everything in the **Smart Space Client Portal**

From the first walkthrough to long after install — view your project, equipment, saved logins, and support requests anytime, from any device.

WHAT WE INSTALL

Everything we design, install & support.

01 Wired & WiFi Networking

Enterprise-grade connectivity — the backbone of every smart home.

- Whole-home WiFi, no dead zones
- Structured wiring & Ethernet backbone
- Rack organization & ongoing monitoring

02 Audio / Video

From a single TV to a dedicated theater to whole-home sound.

- TV mounting with concealed cabling
- Theater-quality surround sound
- Multi-zone & outdoor audio

03 Security & HD Cameras

Real-time visibility and peace of mind, home or away.

- Alarm systems, motion & glass-break
- HD surveillance & video doorbell
- Smart locks & mobile monitoring

04 Automation

Your home's systems working together, effortlessly.

- Thermostat, HVAC & garage control
- Scene & schedule programming
- Voice & app-based control

05 Smart Shades

Motorized window treatments, tailored to every room.

- Light-filtering to full blackout
- App, voice & schedule control
- Hardwired or battery options

06 Smart Lighting

Smart switches and dimmers that set the mood automatically.

- Phone, schedule & voice control
- Dimmers & one-touch scenes
- Motion-activated areas

BRANDS WE TRUST & INSTALL

Ready to begin?

The Technology Integration Questionnaire on the following pages helps us arrive at your consultation prepared — with ideas, options, and pricing tailored to your space.

THE NEXT STEP

Technology Integration Questionnaire

A few questions about your space, your systems, and how you want to live in your home. Complete the pages that follow and we'll come prepared with a solution built around you.

01 • YOUR CONTACT INFORMATION

This form can be submitted electronically only when opened in Adobe Acrobat or Adobe Reader. You can always fill it out, save it, and email it as an attachment, or print it. To complete this on a phone or tablet, please use our online questionnaire instead:

02 • PROJECT TYPE

1. What best describes our project? *(choose one)*

New Construction

Existing Home (Retrofit)

Commercial / Office

Not Sure Yet

2. Approximate square footage? *(choose one)*

Under 1,500 sq ft

1,500 - 2,500 sq ft

2,500 - 4,000 sq ft

4,000 - 6,000 sq ft

6,000+ sq ft

Commercial / Not applicable

→ **Ready to submit? Submit or clear fields to start over from the final page of this questionnaire.**

3. Number of rooms/zones needing coverage? *(choose one)*

1 - 3

4 - 6

7 - 10

10+

Whole property / Not sure

03 • SERVICES YOU'RE INTERESTED IN

1. Which of the following are we interested in? *(select all that apply)*

Wired and WiFi Networking

A/V - Television

A/V - Whole Home Audio

Security - Cameras

Security - Alarm

Smart Shades

Smart Lighting

04 • WIRED AND WIFI NETWORKING

1. Are we interested in dependable whole-home wireless internet?

Yes

No

2. What internet service do we intend to use? *(choose one)*

Local High-Speed Fiber (FIOS, AT&T Fiber)

Local Cable Internet (Cox, Mediacom)

Satellite (Starlink)

Not sure yet

3. Is there any level of structured data wiring we want throughout the home? *(choose one)*

Yes - wire it for sound data to all rooms

No, but we want some options for the future

No preference - please advise

→ **Ready to submit? Submit or clear fields to start over from the final page of this questionnaire.**

4. Are there any critical locations where we would like conduit run for future data options?

Smart Space always runs conduit from the data rack/panel to the outside of the home for future cable changes.

05 • TELEVISION

1. How do we intend to watch TV? *(choose one)*

Streaming only

Cable company only

Combination of both

2. How many TV locations will there be in the home?

3. How many TVs will be hung and connected at move-in?

4. Will any of the TVs be gallery-style, such as the Samsung Frame TV?

Yes

No

If yes, how many and in which rooms?

5. Do we have a preferred brand of TV?

6. If streaming is the primary source, is it important to have a unified viewing experience across all TVs?

Same home screen, layout, one remote per TV, all identical setup.

Yes

No

→ **Ready to submit? Submit or clear fields to start over from the final page of this questionnaire.**

7. Do we want to incorporate enhanced audio at any TV locations? *(select all that apply)*

Soundbar

Soundbar with surround speakers

Full surround-sound experience

Subwoofer

No enhanced audio needed

Any specific rooms or details:

06 • WHOLE HOME AUDIO

1. Are we interested in whole-home multi-zone audio?

Yes

No

If yes, approximately how many rooms or zones?

2. Do we prefer speakers that plug into the wall, or architectural speakers that blend in? *(choose one)*

Plug-in / standalone speakers

Architectural in-ceiling or in-wall speakers

A mix of both

No preference - please advise

3. Are we interested in outdoor audio? *(select all that apply)*

Yes - on a covered porch or lanai

Yes - around a pool, firepit, or outdoor entertainment area

Not at this time

4. How do we prefer to control our audio? *(select all that apply)*

From our phone

From a wall-mounted tablet or keypad

Voice-activated (Alexa, Google, Siri)

No preference - please advise

5. Do we have a preferred brand of audio system we currently use or are familiar with?

→ **Ready to submit? Submit or clear fields to start over from the final page of this questionnaire.**

07 • SECURITY - CAMERAS

1. Are we interested in a video doorbell to monitor guest arrivals and package deliveries?

Yes

No

2. Are we interested in monitoring the perimeter of the home with cameras? *(choose one)*

Full Coverage - all four corners, front, back, sides, garage, all entrances

Moderate Coverage - front, back, and main entrances

Minimal Coverage - entrances only

Not at this time

3. How long do we want recorded video to be available for review?

4. Do we want cameras to be hardwired for power and data (no batteries to change)?

Yes

No

08 • SECURITY - ALARM

1. Are we interested in an alarm system? *(choose one)*

Yes - with 24/7 professional monitoring

Yes - self-monitored for situational awareness and/or door chimes only

No, thank you

2. To what extent do we want to secure the home? *(choose one)*

Full Coverage - windows, doors, motion, glass break, all levels

Moderate Coverage - windows, doors, motion, main level only

Minimal Coverage - doors and windows on main level only

3. From where do we want to be able to arm and disarm the alarm? *(select all that apply)*

Front entry keypad

Garage entry keypad

Master bedroom keypad

Phone app

→ **Ready to submit? Submit or clear fields to start over from the final page of this questionnaire.**

09 • SMART SHADES

1. Are we interested in motorized smart shades?

Yes

No

2. Which rooms or areas are we considering for shades? *(select all that apply)*

Living areas (living room, great room)

Bedrooms

Kitchen / dining

Home office

Media / theater room

Sunroom, patio, or large glass walls

Whole home

Any specific rooms or details:

3. What is the primary reason we want shades? *(select all that apply)*

Light control

Privacy

Energy efficiency / heat reduction

Convenience / automation

Protecting furnishings from UV fading

4. What fabric opacity do we prefer? *(choose one)*

Light-filtering (softens light, keeps the view)

Room-darkening

Blackout

A mix - varies by room

No preference - please advise

→ Ready to submit? Submit or clear fields to start over from the final page of this questionnaire.

5. How do we prefer to control our shades? *(select all that apply)*

- From our phone
- Voice-activated (Alexa, Google, Siri)
- Handheld remote
- Wall-mounted keypad or switch
- Automated schedules or sun / light sensors
- No preference - please advise

6. Do we prefer shades hardwired for power, or battery / rechargeable? *(choose one)*

- Hardwired (best planned during construction)
- Battery / rechargeable
- No preference - please advise

10 • SMART LIGHTING

1. Are we interested in smart lighting (smart switches and controls)?

- Yes No

2. How would we like to control our lighting? *(select all that apply)*

- From our phone
- On a schedule (automatic on/off, away or vacation)
- Voice-activated (Alexa, Google, Siri)
- No preference - please advise

3. Which areas would we like covered with smart lighting? *(select all that apply)*

- Main living areas
- Outside / landscape lighting
- Primary bedroom & bathroom
- All bedrooms & bathrooms

→ **Ready to submit? Submit or clear fields to start over from the final page of this questionnaire.**

4. Where would we like dimmers? *(select all that apply)*

Main living areas

Outside / landscape lighting

Primary bedroom & bathroom

All bedrooms & bathrooms

Other areas:

5. Where would we like motion-activated lighting? *(select all that apply)*

Closets / pantry

Hallways / stairways

Bathrooms

Garage / laundry

Outdoor / entry / security

Other areas:

11 • TELL US MORE

→ Ready to submit? Submit or clear fields to start over from the final page of this questionnaire.

12 • TIMELINE & BUDGET

1. When are you hoping to get started? *(choose one)*

- As soon as possible
- Within the next month
- 1 - 3 months
- 3 - 6 months
- 6+ months / Planning ahead
- Not sure yet

2. Approximate Budget Range *(choose one, optional)*

- Prefer not to say / Not sure
- Under \$2,000
- \$2,000 - \$5,000
- \$5,000 - \$10,000
- \$10,000 - \$20,000
- \$20,000+

13 • HOW DID YOU HEAR ABOUT US

1. How did we hear about Smart Space Integration? *(choose one)*

- Google Search
- Google Business Profile
- Word of Mouth / Referral
- Nextdoor
- Facebook / Instagram
- Proposal / Quote
- Other
